

J.W.Ostendorf GmbH & Co. KG  
Rottkamp 2, 48653 Coesfeld, Germany

## Scope iTLC

# Accreditation as a test laboratory according to DIN EN/IEC 17025:2018

The competence has been confirmed by the German Accreditation Body (DAKKS) for examinations in the following areas:

- Determination of selected material characteristics of coatings, glazes, dispersion paints and primers
- Determination of the density and non-volatile fractions of coating materials and liquids by gravimetry;
- Determination of the penetration and binding capacity of products

Accreditation applies to the test procedures listed in the annex to the accreditation certificate.
